

METTECHNIK

One stop solution in Metallurgy Testing

Hot Mounting Press Auto Control Manual Model

Mold Capacity 30mm, 40mm and 50mm

Manual pressure application with digital Process control

Duplex Mold

Fast 1200 Watts Mold Heater

Digital Temperature / Timer Control

Unit with LCD Display

Hydraulic application by Pump & Cylinder Mechanism with direct reading Pressure.

Alarm Indication for Heat / Cooling Cycle Completion

Water Cooling System

ADDITIONAL OR OPTIONAL ACCESSORIES

Phenolic Powder with wood flour filler (Black Color).

We also supply all types of Metallography Equipments
